Hoag Recognized on *Becker's Hospital Review's* 2016 "100 Great Hospitals in America" List
Only Orange County hospital named as one of the most prominent and forward-thinking health care facilities in the nation

NEWPORT BEACH, Calif., May XX, 2016 --- Hoag Memorial Hospital Presbyterian has again been recognized by *Becker's Hospital Review* as one of the "100 Great Hospitals in America." This is the fourth year (2012, 2013, 2015 and 2016) Hoag has received this designation and is again the only hospital in Orange County to make the list.

The hospitals on this list are well-known for a multitude of reasons, such as having a strong history of medical innovation, providing top-notch care to patients, leading clinical advancement with forward-thinking research or holding an irreplaceable spot in their communities.

"We are proud to be recognized once again by *Becker's Hospital Review* as one of the '100 Great Hospitals in America'," said Robert T. Braithwaite, president and CEO of Hoag. "It's an honor to be included with the most prominent and forward-thinking hospitals across the nation and highlight our commitment to delivering the highest quality of care to this community."

To develop the list, the *Becker's Hospital Review* editorial team selected hospitals for this list based on rankings and awards from reputable sources, including *U.S. News & World Report*, Truven Health Analytics, Healthgrades, the American Nurses Credentialing Center and The Leapfrog Group, among other resources. The final result is a list of 100 hospitals considered overall healthcare leaders in their region, state or the nation.
